President's Message...

Dear Fellow Anglers,

I welcome you to Milan, the capital of Lombardy, a thriving Italian metropolis situated in the plains of the Po Valley, with the Alps and Lakes to the north, the Po River to the south ... and not far away the Mediterranean Sea. While I am not a native to Milan, I have lived here for the past 25 years and I am happy to welcome you to my home city. Life in Milan is frenetic and extremely fast-paced, but this city has much to offer. I am confident that new visitors, as well as those who have been here before, will have much to discover. The meeting will take place in the heart of Milan, near the Duomo, which will give us the advantage to easily go out and explore. We will have the opportunity to overlook the Duomo, visit Leonardo da Vinci's Last Supper, tour the Sforza Castle, experience an Opera at La Scala, and much more.

Milan has been named the fashion capital of the world and the world's design capital due to several international events, such as Milan Fashion Week and Milan Furniture Fair. Milan is also well known for its finance, architecture, art, cuisine and creativity; thus, the theme of the 2018 meeting is "Through Creativity, Design and Fashion, we Search for Truth". We must demand scientific evidence that new procedures, appliances and techniques improve the overall quality of treatment, rather than doing things which are only in fashion. Hopefully, this meeting will provide us with some scientific evidence and bring us closer to the truth. It is a privilege to recognize all the presenters and discussers, who have not only dedicated time and effort, but who represent the most essential part of this meeting.

Several Angle members are responsible for making this meeting possible. Anne Todd, our Secretary/Treasurer, has worked assiduously with me over the past two years and her invaluable assistance has made my job easier. Anne has been instrumental in translating my vision for the meeting with our unique tours, Reception overlooking the Duomo and our Banquet Dinner at Palazzo Clerici. She has done an amazing job and she has even learned some Italian. David Briss, the Program Chair, has put together an impressive scientific program which will undoubtedly stimulate active participation and discussion. I also would like to thank John Voudouris and Martin Palomo, the Chairs of the Examining and Academic Committees, respectively.

It has been an honor to serve as President of the Eastern Component of the Angle Society. I am grateful to so many members in this group who have had a positive influence on my professional career, however, there is one person who played the most significant role in my professional life, and as result, made all of this possible for me, Coenraad Moorrees. He had the special gift of guiding and inspiring his students to reach their greatest potential.

Benvenuti a Milano e buon divertimento!

ANGLE EAST — Edward H. Angle Society of Orthodontists

Milano, Italy • Friday, March 9th — Tuesday, March 13th, 2018

Ashur Chavoor	2004	Boston, MA			

After Harvey Peck's sudden death in 1981, his fellow-members of the Eastern Component felt that a memorial must be established to honor this great contributor to the fabric and dynamics of the Angle Society. Irving Buchin, our Director to the Central Body in 1982, suggested that a charitable fund be initiated in Harvey's memory. By 1984, Irv's initiatives had blossomed into the Eastern Component's highest recognition, the Harvey Peck Memorial Award. Jack Dale created a handsome award certificate to be presented to a member or other contributor for his or her high achievement in the pursuit of excellence in the specialty of orthodontics. Seven years elapsed before it was first presented to Wilfred Cohen in 1991.

The Eastern Component of the Angle Society has traditionally recognized outstanding commitment and meritorious service by a member to whom the annual meeting is then dedicated each year. By the mid 1990s, Angle members, led by the altruism of Sy Conarck, felt that these honorees deserved more formal recognition. Thus, the Distinguished Service Award and the presentation of an inscribed Paul Revere Bowl to the recipient was initiated by the Eastern Component in 1995.

Recipients of the **Brainerd "Barney" Swain Award of Excellence** For "Best Paper" Presented at the Annual Meeting

Brainerd F. Swain (1911-1999), or "Barney" as he liked to be called, was the embodiment of the Angle East spirit for decades. Barney was an inspiration to all, a brilliant gentleman, who was also a gentle man. He was open-minded and meticulous in his work, a devoted educator and Angler. In 1999, the Angle East membership voted unanimously to create an award for the annually selected Best Paper of the meeting and to name it in honor of Barney Swain. The winner of the coveted "Barney", the Brainerd F. Swain Award of Excellence, receives a beautiful certificate designed by Jack Dale and the prestigious nomination to be speaker at the next EHASO International Biennial Meeting.
